

High-Growth Portable Cabin Manufacturing Business – Suitable for BIV Investors

This business designs, manufactures and sells portable cabins and tiny homes, with strong brand recognition and a loyal customer base. Production facilities in both the North and South Islands enable efficient nationwide delivery and controlled logistics costs.

FY2025 revenue was approximately NZD $2.79m + GST. FY2026 revenue is forecast to exceed NZD $3.6m + GST, with projected EBITDA of around NZD $600,000. Sales combine direct factory channels with an established agent network. The supply chain is reliable, inventory well managed, and cost control systems robust.

From 2026, new regulations introduced by Auckland Council exempt granny flats under 70sqm from Building Consent, reducing barriers and supporting demand growth. The vendor is open to retaining a shareholding and assisting with transition and further expansion.

Suitable for local buyers and potentially for BIV (Business Investor Visa) applicants, subject to eligibility.
