Highly Profitable Import and Retail Bathroomware Business

This bathroomware business, located in Auckland, has been operating for over 20 years with customers all across New Zealand. It specializes in bathroom vanities, shower enclosures, LED mirrors, heated towel rails, toilets, tapware, and other accessories. In 2024, the revenue reached over \$3.2 million, with an estimated \$3.4+ million in 2025. The normalized EBITDA for 2024 is \$645,519, with a projected \$683,488 for 2025. Despite the downturn in the construction industry due to economic challenges, this business has seen steady growth in revenue from 2022 to 2024, thanks to its high-quality products at reasonable prices, with 90% of its revenue coming from Kiwi individual customers.

As interest rates tread down, the construction industry is expected to recover soon. With reduced mortgage expenses, consumer confidence is on the rise, making this an ideal time to invest in a business like this. The owner, having reached retirement age, is ready to sell it and enjoy retirement.

Asking price \$1,700,000, including \$380,000 in stock.
