## Opportunity: Established General Dental Practice with On-Site Denture Services

An excellent opportunity to acquire a long-standing, consistently profitable general dental practice with over 15 years of operational history. Well-regarded for its walk-in accessibility, efficient clinical services and a loyal patient base — particularly among those seeking extractions and full or partial dentures. A standout feature is the on-site denture laboratory, serviced weekly by a visiting technician. This enables faster turnaround and sets the practice apart in a market where such services are increasingly rare.

Ideal for an owner-operator or strategic buyer seeking a reliable, scalable healthcare business.
