Mobile Podiatry Business | \$300K to Working Owner from \$615K Investment

A qualified podiatrist has the opportunity to earn \$300k for the full time operation of this busy mobile practice servicing the recurring needs of patients in the Bay of Plenty and Waikato region. The business earns a constant regular income achieving 70% of the revenue through contracts with Aged Care providers.

The business currently has two full-time practitioners and one contractor. A working podiatrist buyer has flexible involvement options, allowing them to optimise EBITDA based on their preferred level of day-to-day participation. The business model would be easily replicated in other regions in New Zealand or in Australia, with the founder willing to provide assistance on a contracted basis for this potential growth opportunity.
